Baccalaureate®

Takapuna Normal
Intermediate School

March 2011

Dear Parents/Caregivers

Please note that we will inform you when the infrastructure including wireless access will be available for use.

This process is taking a little longer than expected through unforeseen circumstances due to cabling and power upgrades.

When we receive the return of this form we will plan the introduction of the devices over three weeks. This will only be for word processing at this stage until the network is fully operational.

Please return the forms to the school office.

Regards

Owen Alexander
