## ORIENTATION

### Device

TNIS is a Bring Your Own Device (BYOD) school. Our aim is to ensure that every learner has access to a device that is used as a tool to help with understanding as well as increasing their digital literacy fluency. Technology gives learners more authentic ways to publish their work and allows parents a glimpse into their world. For advice about what device is best suited for TNIS please click on [THIS LINK](#).

### Uniform

The school uniform shop, next to the cafe, is managed by Beth Porteous and sells all items of clothing except shoes. Uniform pricing is attached at the end of this document. Please arrive at school early on your first day to purchase your uniform. (School is open from 8am and classes start at 8.45am)

A price schedule is attached. Shoes are purchased separately and are to be black upper and sole.

## Stationery

Stationery will be provided by the teacher when the student arrives at their class. This includes pens, pencils, glue, books, ruler, etc. Students may like to bring their own pencil case.

## Student/Parent Handbook

The hand book introduces various information about the school and should answer many questions about the organisation & management.

## Daily Notices

Describes the week schedule and daily notices that are important for the students and activities day to day.

## SchoolAppsNZ

The school sends out regular alerts, newsletters and event information via this App. We recommend you install the app to keep up to date on all activities.

## New Zealand weather

By July, the winter weather has well and truly kicked in throughout New Zealand. Auckland can be wet so raincoats are suggested. High temperature of 17 °C, Low 3 °C, Average is 11 °C.

## Getting to know Auckland

Auckland city is a big place, when you have time visit some of the great landmarks around your new home.
